

Each year, the EMA conference provides a unique opportunity to promote products, services, and information about your organization or business. This is your chance to cultivate relationships and stay informed with the elephant community. EMA conference vendors are staged outside of the paper session area in a hall or foyer at the conference venue. During each break, during meals, and after each day of paper sessions, you can make the connections your business or organization needs. Vendors are permitted to make points of sale with delegates and further advertise their businesses or organizations. Attending the EMA conference as a vendor is one of the most important ways you can share your information directly with this specialized audience.

**All vendors should complete the application form below and send it to:
conference@elephantmanagers.com**

All vendors will be notified within two weeks with their application status. EMA conference vendors will be charged \$175 USD to cover rental fees and other conference-related expenses. All representatives working at a vendor table must be registered for the entire conference, allowing them to participate in all aspects of the conference and to enjoy all the meals that are provided to conference attendees.

NAME OF BUSINESS/ORGANIZATION
